

# FLEX

# FLEX

Our Flex chair offers a complete solution for waiting and conference rooms. It has an extremely durable steel frame, but capable with its flexibility, to ensure maximum relaxation in times of waiting and also in times of work.

Flex is offered in both Cantilever and classic Four-Leg options. These two options also offer an all-polypropylene elegantly perforated back or the option to fully upholster. The armrests are integrated in the backrest in order to join with the frame to form a single body which is extremely durable.
