Resilient®
FURNITURE

RESILIENT® X-HD TABLES

NEW Resilient® X-HD Tables are flat-out tougher. The one-piece, bolt-through construction shrugs off the impact and daily abuse that dents, warps, and cracks thermoformed ABS table edges. And unlike most ABS tables, (which void their warranty the moment they are touched by direct sunlight) Resilient® X-HD blow-molded tops are rated for outdoor use. Lighter weight, dramatically more durable, and they go wherever your customers actually need them — patios, poolsides, tents, parking lots. Upgrade to Resilient® X-HD today and never look back.
